Dana,

EPA has no comment on the attached pptx and understands the presentation gives an overview of NW Natural's current thoughts concerning "data needs" to be incorporated into the upcoming test plan document. With regard to the 2 upcoming submittals (test plan on 7/1 and GW model update on 7/8), EPA should be able to meet NW Natural's desired 30 day clock for review comments. We will also plan on attending the workshops tentatively scheduled for 7/15 and 7/22.

Thank you.
